

**CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

FRANK URY

AGE: 40

OCCUPATION: City Commissioner/Businessman

As a 15 year resident of Mission Viejo, I have watched our beautiful city suffer traffic gridlock because of southeast development.

My Agenda

Fix traffic problems. Mission Viejo shouldn't suffer from growth in neighboring areas. We need strong leadership representing us.

Complete the Norm Murray Senior Center Expansion: This is long overdue. As Community Services Vice-Chairman, I worked hard to move this forward quickly.

Bury powerlines in Mission Viejo: As NOPE President, I led the fight to improve the health and aesthetics of Mission Viejo.

With over 20 years experience managing high tech firms, my business background provides me the ability to handle financial, management and leadership roles required to be an effective councilmember. Running our city more like a business will allow me to keep my pledge of opposing all tax increases.

Education: MBA, UC Irvine; Masters and Bachelors Degrees in Electrical Engineering from USC and Notre Dame respectively.

City Service: Community Services, Investment Advisory and Senior Transportation Commissions; AYSO Soccer, Mission Hills Softball, SMVLL coach. My opposition to the airport at El Toro earned me endorsements from Supervisors Bill Campbell and Chris Norby, the leaders who defeated it.

Please vote for Frank Ury to protect our quality of life in Mission Viejo.
